## NEWS FROM THE POST PRESIDENT . . .

I don't know about you all, but I had a heck of a time at the annual golf tournament out at Quail Chase!! I was a little disappointed that our score did not make the cut, but I'm over it now. The decision to move it to September was a good one and I want to thank all that worked on and participated in this event. I do believe we had some ringers out there on the course...

Steve Skaggs and Anne Black continue to work very hard on our annual Small Business Workshop which is scheduled for Tuesday, 4 December here in Louisville. A tentative agenda and registration form can be found at the back of the Flyer. We are putting the finishing touches on this and I know it will be another huge success.

It was an honor to have Bruce Murray recognized by the Kentuckiana Chapter and the Region at his retirement luncheon on Monday, 1 October. Bruce has made tremendous contributions to SAME over the years and I think all of us were very happy to see him recognized on his "Big Day." Thanks to all of you that were able to make the luncheon.

I mentioned last month that we were once again buying phone cards for the 19<sup>th</sup> Engineer battalion at Ft Knox. They are currently deployed in Iraq. Steve Bickel, after talking with Hans Probst, came up with a great idea to buy golf equipment for Han's Sea Bees. Our Board quickly approved and we are moving out on this. Great idea Steve, and I know Han's and his unit will greatly appreciate this.

Please keep reading the Post newsletter. I look forward to seeing you all soon. All the best.

COL Ray Midkiff,  
USA, Post President,

**SUMMARY OF ANNUAL GOLF SCRAMBLE . . .**

The Annual Kentuckiana Post Golf Scramble was held at Quail Chase on Wednesday, 19 September 2007. The event was moved from July to September to take advantage of the cooler weather, although it was still quite warm. Sixty-four golfers thoroughly enjoyed a beautiful day on the course while raising approximately \$3,000 for the SAME Education and Mentoring Fund.

First place went to the team of Nick Bibelhauser, Matt Watts, Terry Durham and Scott Hennig. We appreciate the tremendous participation by the Louisville District Corps of Engineers employees and the generous sponsorships from the private sector.

Thanks to everyone who participated and contributed to this great outing. A special thanks to Jimmy Stahl, Tony Marconi and Joni Pardue of URS for organizing the event, John Storm of FMSM for handling the sponsor signs, and to the University of Louisville SAME Student Chapter for their involvement and assistance. The student chapter raised over \$200 selling mulligans and running the putting contest.

This year's event was sponsored by:

## NEWS FROM THE YOUNG MEMBERS. . .

### YOUNG MEMBERS COMMITTEE TO RECEIVE A MAKE-OVER

The Kentuckiana Post Young Members Committee is interested in becoming more active and a better resource for its members, but to do this, we need your assistance. The YM Committee is in the process of reviewing the YM Program Idea Books found on the National Website in search of potential Community Service Projects, Fund-Raising Events, and Social Activities. Additionally, we would like feedback from the Young Members and Students so that we may plan activities that you are interested in.

It is our desire to plan activities that allow us to give back to the community and build worthwhile relationships with each other. For example, we've initiated a community service project for the Portland Promise Center to support their conversion of an old printing facility into a small business incubator; it will require all the skills represented by SAME to see this project through, so we need lots of Young Members to get involved!

If you have any suggestions for Community Service Projects, Fund-Raising Events, and/or Social Activities, or want to help with the Portland Promise Center, please feel free to email us at [Rosemary.Gilbertson@usace.army.mil](mailto:Rosemary.Gilbertson@usace.army.mil) or [Ryan.Tinsley@strand.com](mailto:Ryan.Tinsley@strand.com). Thanks in advance for your suggestions.

Rosemary Gilbertson and Ryan Tinsley  
Young Members Committee Co-Chairs

## FOCUS ON . . . OUR SUSTAINING MEMBERS

Numerous new Sustaining Member Firms have joined with Kentuckiana Post over the years. Small businesses or large corporate firms; we would like to learn more about you. This is your opportunity to “*Toot your own horn*” in future Flyers and let your associates know what you can do.

If you would like to submit a corporate profile for a “*Focus On ...*” feature or your firm would like to share news of recent awards, major projects you have completed or corporate expansion. Please forward your ideas or comments for inclusion to the newsletter to Newsletter Chairperson, Mr. John Storm, [jstorm@fmsm.com](mailto:jstorm@fmsm.com) or [rpetty@fmsm.com](mailto:rpetty@fmsm.com).

## OCTOBER MEETING:

- When:** Tuesday, 16 October 2007
- Topic:** “The Use Of Coal In Our Energy Future”
- Presenter:** Gerald A. Hollinden, PhD, Sr. Vice President  
Power Business Sector, URS Corporation
- Location:** Federal Building Cafeteria (Lower Level)  
600 Dr. Martin Luther King, Jr. Place, Louisville, KY
- Time:** 11:30 a.m. to 3:00-3:30 p.m.
- Cost:** Varies, you may go through the Cafeteria Line or you may bring your own. RSVP not required.

## NEWS FROM THE STUDENT CHAPTER . . .

The first meeting of the new academic year was held on Friday, 21 September at 12:00 noon in the JB Speed 100 Auditorium. Pizza and drinks were served to all returning members and any students interested in joining the ASCE student chapter. President Clint Mattingly welcomed everyone and thanked over seventy students and faculty members for attending. A brief introduction to the ASCE and SAME organizations was made, followed by the introduction of officers and their duties. Activities for the year were briefly discussed including Project Warm, Beam contest, and the Temper project. During the meeting, membership cards were filled out for all new and returning members. Treasurer Rebecca Zwyghuizen announced the \$15 dues for the year need to be in by Friday, 12 October.

On 16 September, 2007, Dr. Joe Hagerty received the Acorn Award. The Kentucky Advocates for Higher Education selected Hagerty because of his performance in the classroom and his long lasting impact on students. “If I’m a good teacher now, it’s because students made me that way.” Congratulations Dr. Hagerty on another outstanding award for teaching excellence.

Officers are working with Dr. Mohsen to add a page on the Civil and Environmental Department website for the student chapter to post events, meeting reminders, and pictures on. More on the webpage to come later!

Our next chapter meeting is tentatively scheduled for Friday, 26 October at 12:00 noon in the JB Speed 100 Auditorium. We hope all members can make this meeting. Lunch will be served (for all members who paid their annual dues). Take pride in your membership by wearing your ASCE/SAME shirt on days we have meetings and events.

M. Brandon Shelley  
ASCE/SAME Student Chapter

### ORVSS XXXVIII

Civil Infrastructure and the Role of Geotechnical Engineering  
Wednesday, 14 November 2007

Engineers are increasingly faced with maintaining our Nation's civil infrastructure such as roadways, dams, buildings, and historic structures. Papers discussing issues related to all aspects of geotechnical engineering, risk management, design optimization, and construction of infrastructure will be presented.

For more information, see ORVSS brochure included at end of Kentuckiana Flyer & visit the website at <http://www.kgeg.org/orvss/index.htm>

## NEWS FROM CAPTAIN HANS PROBST . . .

Former Post President Hans Probst, through Steve Bickel, lets us know he and his unit arrived safely at their duty station and provides us some photos of his new office facilities

Above: CPT Probst on post at his new duty station.

Above: The front door of the Han's new office building.

Left: The side yard to the office, where Hans is currently designing his driving range.

## OHIO RIVER VALLEY SOILS SEMINAR

### CIVIL INFRASTRUCTURE AND THE ROLE OF GEOTECHNICAL ENGINEERING

**ORVSS XXXVIII**

**November 14<sup>th</sup>, 2007**

**The Galt House  
Louisville, Kentucky**

#### PURPOSE AND SCOPE

ORVSS XXXVIII will address the many challenges of engineers increasingly faced with maintaining our Nation's civil infrastructure such as roadways, dams, buildings, and historic structures. Papers discussing issues relating to all aspects of geotechnical engineering, risk management, design optimization, and construction of infrastructure will be presented.

---

#### SPONSORS

---

Kentucky Geotechnical Engineering Group

Cincinnati Geotechnical Group

University of Louisville Department of Civil and Environmental Engineering

University of Kentucky Department of Civil Engineering and Kentucky Transportation Cabinet

---

#### LOCATION AND LODGING

---

The seminar will be held at the Galt House Hotel and Suites in downtown Louisville, Kentucky on November 14, 2007. The Galt House is located at 140 N 4<sup>th</sup> Street, Louisville, Ky.

[www.galthouse.com](http://www.galthouse.com)

**PLANNED AGENDA**

**Tuesday November 13<sup>th</sup>**, (5:30 – 7:30 PM) Set-up exhibits and Ice Breaker. (Snacks and soft drinks provided)

**Wednesday November 14<sup>th</sup>**

**MORNING SESSION: Moderator – (Mark Schuhmann)**

- 7:30 – 8:15 Registration
- 8:15 – 8:30 Introductions
- 8:30 – 9:30 Dr. Michele B. Jamiolkowski – Stabilization of the Leaning Tower of Pisa
- 9:30 – 10:00 Eric Halpin, P.E. – Special Assistant for Dam Safety, Headquarter, Army Corps of Engineers – Trends and Lessons in Assessing Risks Posed by Flood Damage Reduction Infrastructure
- 10:00 – 10:30 Technical Session in Exhibit Area
- 10:30 – 11:00 Elizabeth Dwyre, P.E. – Risk Management Planning as a Decision Tool for Owners in Tunnel Design and Construction.
- 11:00 – 11:30 Dr. Donald Bruce, P.E. – Dam Remediation by Anchors and Cutoffs. A summary of Two National Research Programs
- 11:30 – 12:00 Dr. Erich Guy, P.G. - Probabilistic Stability Analyses and Remedial Design Optimization for Bolivar Dam
- 12:00 – 1:00 Lunch Served at Galt House

**AFTERNOON SESSION: Moderator – (Dr. Jeff Schaefer)**

- 1:00 – 2:00 Dr. Michele B. Jamiolkowski – Safeguarding Venice from High Tides
- 2:00 – 2:30 Brian Ball, E.I – Marmet Navigational Lock: An Integrated Environmental System Approach.
- 2:30 – 3:00 Technical Session in Exhibit Area
- 3:00 – 3:30 Dr. Rick Deschamps, P.E. – Infrastructure Improvements in Geotechnical Construction: Techniques we didn't learn in school.
- 3:30 – 4:00 Mike Marasa, P.E. – Levee Remediation in New Orleans
- 4:00 – 4:45 Panel Discussion with Speakers
- 4:45 – 5:00 Closing Remarks/ End of Seminar

**Keynote Speaker**

**Michele B. Jamiolkowski, Ph.D.**

Professor & Director of Soil Mechanics Geotechnical Engineering Technical University of Torino Michele B. Jamiolkowski has been a Professor of Geotechnical Engineering at the Technical University of Torino, Italy since 1969. Both an academic and a practitioner, he has also been chairman of the Studio Geotecnico Italiano, an engineering company in Milano, since 1964. His primary professional interests include the mechanical behavior of soils, laboratory and in situ testing, soil dynamics, bearing capacity and settlements of shallow foundations, and soil improvement. Professor Jamiolkowski has authored more than 250 scientific and technical publications. He is Editor-in-Chief of the *International Journal of Geomechanics and Geotechnical Engineering* and Associate International Editor of the *Soil and Rock International Journal*.

Professor Jamiolkowski's most recent professional assignments have been to serve as a geotechnical consultant on the following projects: the Suspension Bridge over Messina Straits (Messina Straits Ltd., 1985-present); the Venice Defense System against High Water MOSE (Consorzio Venezia Nuova and Technical Engineering, 2003-present); the LNG Terminal in Brindisi (Tecnimont Engineering, 2004-present); and the restoration and strengthening of the Bell Tower at San Marco Square in Venice (Consorzio Venezia Nuova, 2004-present). Prior to the aforementioned projects, Professor Jamiolkowski was the Chairman of the International Committee for the Safeguard of the Leaning Tower of Pisa from 1990-2001. Professor Jamiolkowski is the recipient of the 2001 Karl Terzaghi Award given by the American Society of Civil Engineers. He recently received the 2005 Award from the Japanese Geotechnical Society (JGS) for the best 2003 JGS paper. He has been an Honorable International Member of JGS since 1998. In addition to his many accolades, Professor Jamiolkowski was elected as a Foreign Associate to the U.S. National Academy of Engineering in 2005.
