Mobile Post, Society of American Military Engineers (SAME)

Remembers Reason for the Season

Mobile, AL – Mobile Post, Society of American Military Engineers (SAME) celebrated the holiday season at the beautiful Bienville Club in downtown Mobile, AL on December 10, 2009. SAME members and their guests enjoyed dinner, fellowship, door prizes and a presentation on the USS Independence (LCS 2) facilitated by Commander Curt Renshaw. On behalf of the Post, SAME President Tom Clinton presented Cmdr Renshaw a check for \$500 to support the January 16 commissioning ceremony. In addition, the Post donated \$1219 to Col David Bradley to support the Alabama National Guard Deployed Soldiers Fund. SAME is a professional engineering association connecting architects, scientists, engineers, and builders in the public sector and private industry, uniting them to improve individual and collective capabilities for national security. SAME's goal is to unite these entities and individuals so that they can prepare for – and overcome – natural and manmade disasters, acts of terrorism and improve security at home and abroad. For more information on how to become a member of SAME visit www.same.org
