

The Society of American Military Engineers

Professional Development Hours (PDHs) Certificate

Participant: _____

Date: 20 October 2011

Time: 1200-1300

Location: Bard Mansion, Naval Base Ventura County,
Port Hueneme, CA

Educational Program:

Presentation on the Calleguas Municipal Water District's Emergency Pipe Procurement and Storage Project. The Calleguas Municipal Water District provides water to nearly 600,000 residents in Ventura County. Water is transported from the San Fernando Valley throughout eastern Ventura County via pipelines up to 78 inches in diameter, many which were installed in the 1960's. As the infrastructure ages, Calleguas is preparing for emergencies, damage by contractors, and other causes of pipe failure with the Emergency Pipe Procurement and Storage Project.

Total PDHs awarded: 1.0

Sponsoring Post: Oxnard-Ventura
