TREASURER'S REPORT

1st Navy Bank - \$8,133.48
Morgan Stanley - \$22,726.07

PRESIDENT'S MESSAGE – MARCH 2010

First, I want to begin by telling our membership that we submitted a reclama to SAME Headquarters for reconsideration of the Relationships and Recognition Streamer. Upon further review and clarification, the Streamer Committee reversed their position and awarded us this streamer to accompany the Outreach and Education & Training Streamers. Although no posts in our region were awarded 4 streamers, we now join Huntsville, Mobile, Nashville, and Panama City with 3 streamer awards. Well done to all involved!

According to our Regional Vice President, Mr. Mike Thompson, there is an opportunity to host the Regional Conference in 2013. Due to the extraordinary commitment and planning which takes place for this event, I want to poll from our membership to determine if we should nominate our post to host or co-host with another post (as is being done in 2011 between the Panama City and Emerald Coast posts) the 2013 regional. Please email any of our post officers or directors by March 31st with your opinion and whether or not you would be interested in becoming involved.

In early March, I attended the Post Leader's Workshop and came away knowing that we belong to an organization where posts throughout the globe are doing great things in support of education, mentoring, and our country's national defense. SAME has also integrated itself into the social media network. More specifically on LindedIn.com under the group name Society of American Military Engineers. Also you can become a fan of Society of American Military Engineers on Facebook.com to stay current on national events.

Mark your calendars:

15 Apr – Tour of UWF's New School of Science and Engineering (SSE)

Our next event is on April 15th where Dr. Laura White has invited us to the University of West Florida for lunch and tour and presentation of the new School of Science and Engineering (SSE) culminating in a demonstration of the SSE Holodeck by David Algeo. Lunch will be held in the UWF Commons at 11:30 am with the presentation to begin at 12:15 pm. Hope to see you there.

What has SAME Pensacola been up to?

Each of the Vice Presidents has been gathering ideas and input to prepare for the upcoming year. Any volunteers or ideas that anyone would like to contribute in the areas of Education and Training, Outreach, Relationships, or Contingency are greatly welcomed.
