**This Month's
Membership
Meeting:**

This month Frank Algarin of Rappid Mapper, Inc is back by popular demand to further demonstrate their patented hardware/software solution for the digital capture of land, structures and assets. This invention contains GPS, XYZ and RGB data in every pixel and can be freely navigated and surveyed from your desktop. In the model 3D points can be selected and propagated with additional information which can in turn be exported to a CAD system or database for facilities management system use. The LD3 system for surveying will reduce decision time in your work flow and is currently being used by Utah DOT and Carter-Burgess. The meeting will take place at 11:30 on Thursday, September 22nd, 2005 at the Nellis Officer's Club. Please contact 1st Lt Ed LeMay at EDOUARD.LEMAY@NELLIS.AF.MIL or (702) 652-5641 by COB Monday, 19 Sep, to be added to the Nellis Main Gate access list if necessary or if there are any additional questions regarding directions or attendance.

**Executive
Board
Meeting**

The executive board meeting will immediately follow the Golf Tourney.

**Last/Next
month's
Meetings**

Our great appreciation goes out to PBS&J for giving a wonderful offsite presentation last month! The information was beneficial, the company was great and your facility is incredible. If any other member-firms would like to sponsor a meeting at their place of business, please contact Russ Collins or Ed LeMay for our next open meeting.

**Open Post
Positions!**

Next month's meeting is our 6th Annual Golf Tourney held on Friday, 28 Oct 2005, with an 8:00 am shotgun start. See the flyer for more info. Sign up B4 we sell out!!

**Local IECC
Training**

STEP UP TO THE PLATE! Our Director of Young Member Activities and Director of Education and Scholarship Committee for the post are still unfilled and ready for YOU!

**National
News:**
